ABOUT THE EXPO

The 3rd Edition of the prestigious Power & Elec Uganda International Expo will be held from 10 - 12 July 2025 at the Multi - Purpose Hall in UMA Show Grounds Lugogo, Kampala. It is the largest exhibition for the Power, Energy, Electrical, Electronics, Lighting, Solar & Other Renewable Sectors in Uganda. The exhibition is organised by Exhibitions & Trade Services India Pvt. Ltd. (ETSIPL) and Uganda National Renewable Energy & Energy Efficiency Alliance (UNREEA) are the co-organisers of the expo. Lanestra Enterprises Uganda Ltd is the local partner of the event.

The exhibition hosts participants and attendees from East Africa, Middle East and Northern Africa (MENA), South East Asia and European Union. In 2024, the represented countries included Uganda, India, Kenya, China, UAE, Rwanda, Tanzania, South Africa, Greece and other parts of the world. The expo acts as a meeting point of this booming Power & Elec industry in the Pearl of Africa. Power & Electricity Forum is the concurrent conference which is held every year along with this exhibition to have meaningful discussions and dialogue related to the sector in Uganda.

Previously, the exhibition has been supported by the Ministry of Energy & Mineral Development Uganda, Uganda Manufacturers Association, NEST Electrical Contractors Association, Women in Energy and Extractives Network and Energy Efficiency Association of Uganda. Global Brands like Su-Kam Power Systems, Okaya Batteries Ltd, Felicity Solar, Polycarb India and Eastman Solar have sponsored the exhibition for the last edition in 2024. The expo will be hosting Power & Elec Professionals, Importers & Exporters, Wholesalers and Decision Makers of the East African Region in Kampala for the Power - Elec gathering of the year.

Do not miss out on the Power & Elec revolution in Uganda!

WHY UGANDA?

97% of Uganda's Exports in Africa are to countries in the EAC and COMESA regions. Uganda has seen an increase of 20% in the total imports in recent years

Uganda's electricity demand has been growing at an average of 10% per annum

Existing solar data clearly indicate that the solar energy resource in Uganda is high throughout the year indicating a huge untapped potential in this sector

Uganda has many renewable energy resources like bioenergy, water / hydro, solar and others that can be used for energy production and the provision of energy services. Many of these resources are yet untapped

Uganda is the largest growing economy in the East Africa Region

Uganda's Telecommunication Market has witnessed strong growth in recent years and is expected to have continued growth over the forecast period to 2025

WHY EXHIBIT?

Promote your company to decision-makers through numerous branding opportunities

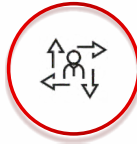

Meeting point for senior Power, Energy, Electrical & Renewable Executives

Access point to the market of Uganda providing networking opportunity

Benchmark your company's strength to leading companies

Rendezvous with Main Decision Makers and form alliances

Largest Power and Elec Expo in Uganda

Audience Filtering and Match Making

Direct Selling to Trade Intermediaries

Concurrent Forum held annually with the Expo

EXHIBITOR PROFILE

Captive and Co-generation Plants, Geothermal, Thermal Power, Decentralised Generation, New & Renewable Energy Plants

Generators and Diesel Generating Sets, Wind and Solar Power Equipment, Electric Drives, Batteries, Inverters, UPS Systems

Transmission & Distribution Equipments

Transmission Lines, Towers & Accessories, Sub Station Equipments, Power and Distribution Transformers, Switch gear and Control gear, Measuring Instruments and metres, Cables and Conductors, Cabling and Wiring Products and accessories, Capacitors, Insulators, Insulation Materials and Electrical Components

Telecommunications

Information and communication Technologies, LOT, Measuring and Testing Devices, Automation Systems & Equipment's, Control and Regulation, Drives Power Electronics and Power System

Electricals & Electronics

Electronics Components and Modules, Production Facilities and Components for Electrical Industry, Lasers, Photonics and FineMechanics, Electromobility

Utilization, Controlling and Measuring Equipment

Household Electrical Appliances and Products, Safety Systems and Devices, Lighting Systems and Solutions, Lighting Fixtures and Accessories, Lamps and LEDs, Regulating and Control Equipment, Automation Systems, Rotating Machines, Energy Saving Equipments

Electroenergetics

Power Generation, Transfer and Distribution Conductors and Cables, Electric Installation, Building Management and Security Systems, Lighting Devices and Systems Electro Thermal Technology, Tools and Equipment

HVAC & Services

HVAC Equipment & Accessories, Transmission & Distribution Equipment's, Turn Key Contracting, Maintenance and Services

WHY VISIT?

Connect

Connect with the exhibitors from various countries displaying the latest products in the power, energy, electrical, electronics, lighting, solar & renewable industry of Uganda

Explore

Explore the various products on display from the industry of Power and Elec

Reform

Reform with the latest trends in this segment gaining new plans to grow in the region

Collaborate

Collaborate with sellers, buyers and associates doing business in the same industry

Update

Update the various professionals and dignitaries from the Power and Elec sector who will be a part of the Expo

Collate

Collate the latest products and technologies gaining interest in Uganda and the East Africa Region

VISITOR PROFILE

Utilities & IPP's Public and Municipal Utility Owners & Managers

Government and Regulatory Executives

Independent Power Producers

Original Equipment Manufacturers

Plants & Project Management Power / Heat Plant Owners
& Operators

THE ORGANISER

Exhibitions & Trade Services India Private Limited (ETSIPL)

based out of Navi Mumbai, India is an ISO 9001:2015 Certified Organisation with more than 12 years of experience in promotion and organising of trade exhibitions across the globe. At ETSIPL, we have experience of dealing in 150+ International Trade Fairs taking place in 35+ countries in Europe, Asia, Africa, America and Oceania. ETSIPL is professionally committed to deliver best trade services in the industry. Our goal through Power & Elec Uganda is to provide opportunities to explore the potential of Uganda and other countries in the East African belt.

THE VENUE

UMA Show Grounds strategic location is one of the key strengths it possesses and this attracts a number of people coordinating different activities within the country.

The grounds are located in the Nakawa Division of Kampala which is 4.2 KM by road from the capital and largest city in Uganda. It enjoys recognition and respect both on a national, regional and international scale. The grounds have different facilities that are used for different purposes like offices, retail shops, factory outlets, launches, exhibitions, workshops, meetings and seminars.
